# Communication Boards

## Making a Difference

Playground communication boards are increasingly being recognized as valuable tools in inclusive playground settings. These boards are designed to facilitate communication for individuals who have communication differences in speaking or expressing themselves verbally. By incorporating communication boards into playgrounds, children with communication differences can more effectively interact with their peers and engage in play.

## Playground Communication Boards

Available in 2'x3', 2'x4' & 3'x2' sizes.

## Pool/Waterpark Communication Boards

Available in 2'x3', 2'x4' & 3'x2' sizes.

## Emotional Balance Boards

Available in 18"x24" size
